### — Getting ready for summer screenings

- **Duplicity** was not confirmed, Sandie contact on Tuesday, not "as good as" confirmed, so...
- All summer movies are **confirmed!** (Apart from the theatre bookings, the staff schedule, and the semi-confirmed movie.)
- We have **staff** for the first week, except for a Friday FM. Sarah volunteered to do both, or Jardine might do it if he doesn't make awesome plans in the meantime.
- **Concession** is pretty well stocked. More candy is coming on Friday, so Thursday will be out of a couple of items.
- **Flyer** has now been printed and will get delivered by whoever can do it. (aka most likely Rachel) Should not be delivered to Totem or Ritz, but probably the rest. Alec will see about getting some prime advertising at Vanier.

### — Other crap

- Jacob is gone for the summer, so the **flyer distribution video** might not happen until the fall. But it might if Mike decides to organize it himself. Or maybe it could be the November production?
- Alec will do lots of stuff on Thursday! Key list, check on Synecdoche NY bill, floats, and depositing money from the Whistler trip.
- Julie will call Alec by 3pm on Thursday to make sure he checks on the floats.

- Sandie will need to resubmit our request for **RHPS** in August. We won't get October 30/31. We hope for 23/24 or 16/17. Thanksgiving is on the 12th, so we DON'T want 9/10. We still need to decide what we want to do with these screenings.
- Sandie will put in a request with ACF for **Big Lebowski** on November 14th.
- Chris will email the **SRC** about getting a **marquee** in front of the 99 stop.
- Chris will also get in touch with **Limelight** about a deal for our members.
- Sandie will pick up sample colours for **member cards**, so we can vote.
- Jesse will purchase **DVDs** of Tropic Thunder and In Bruges. (Not Time Machine though.)
- Rachel will try to argue that the **floor outlets** in the theatre don't need to be replaced, but if the AMS doesn't bite, FilmSoc will put \$250 towards repairs.
- Rachel will buy a **Blu-Ray player** on sale at Visions. (Four on sale for under \$300 before tax.)
- Jeff Hitchcock updates flicker on occasion, responds to emails about key lists, and sporadically visits Facebook. However, he does NOT update the website or answer emails that are actually addressed to him. **LAME!**
- We will figure out **slide prices** at a later meeting. It would be helpful if Hitchcock could put the website back the way it was, so we have access to all that info.
- Incomplete list of **potential classics**: A Clockwork Orange, Raiders of the Lost Ark, Casablanca, Batman, LOTR, ET, Psycho, Vertigo, Nightmare Before Christmas
- **Cake!**
