

UBC Film Society

Meeting Minutes

August 26th, 2009

Executives: Sandie Chen, Alec Whitford, Tim Fernandes, Grace Okine,
Chris Gilling, Rachel Coe, Mike Coutts (at the very end)

Members: None

— **We are screwed for staff** this week!

- Tim and Alec will do Friday
- Still need a proj for Thursday! (Update: James is projing)
- We are screwed for this semester!
- But we didn't really discuss that...next meeting!

— **Second movie start times**

- Let's make it variable, depending on how long the first movie is!
- Give 15-30 minutes between shows
- No weird times...only 9pm, 9:15pm, or 9:30pm
- Need to post notices EVERYWHERE, so the [our wonderful customers] will notice the change!

— **Float Safe**

- Some events don't have a proj, treasurer, or chairperson there, and then the floor manager can't access the floats! Oh noes!
- We are concerned about giving FMs the safe code because...
- Having lots of people know is a bad idea
- FMs don't have to train for all that long and therefore will steal from us

- But seriously, FMs have stolen from us in the past
- Also, projs are bitchy
- We decide to do it anyway on these conditions (note: conditions weren't necessarily discussed at the exec meeting, but Rachel has been in touch with the projs)
 - FMs do not get the code to the proj booth lock box. When an event comes up where the FM needs to access the safe, we will give a note to the proctor, who will let them in.
 - We only give FMs the code on a need-to-know basis.
- Sandie will take photos of people having fun with the swag for Sorority Row at MEC and email them to Regie
- **The Informant advance screening**
 - Wed. Sept. 9 @ 7pm
- **Cancel Wolverine**
 - Awesome!
 - (Awaiting confirmation from WB)
- **Official FilmSoc email accounts**
 - Rachel, Jacob, Jesse, Mike, Sandie, Chris, Tim, & Grace are awesome and have set up their accounts!
 - One would assume that Hitchcock has also set up his account, but he has never responded to emails sent there...hmmm...
 - Everyone else either needs to set up their accounts or set up forwarding! You aren't checking often enough if you haven't responded to my test email yet!
- **Final Destination marathon**
 - 50 people for 1st show, 30 for 2nd and 3rd shows

- Started 30 minutes late because of safe drama, hence the discussion above about safe code!
- **Adventureland did not do so hot**
- **September movies are all confirmed!**
- Sandie needs to email Saturday's theatre report to Rachel
- Let's do a **Hangover BZZR Garden!**
 - Friday, October 16th
 - Sandie needs to confirm the film, then we'll get moving!
 - We need someone to be the licensee. (Grace is only 18, and Rachel works until 6pm on Fridays.)
- Jardine's key is in the proj booth lock box, so we've given him his \$35 deposit back, and he's given us a note saying Rachel has the authority to collect the deposit from the AMS (if needed).
- **Rachel bought paper and 4 flyer holders!** Chris needs to bring his terrifying drill, so we can install the flyer holders.
- **Rachel still needs to buy** marquee letters, a ladder, and a recycling bin.
- Tim needs to buy something to secure the BlueRay player.
- AMS Tim is [silly] and plans to do Cinema Politica on his own. While everyone is in class. Whatever.
- The Iranian movie people are a pain in the ass, but will be showing films on Thu. Sept. 3rd. Sandie will tech; need FM.
- **Advertising stuff**
 - Slide advertising
 - Chris will give out little info flyers to everyone in the Village about our awesomely low advertising rates.

- Chris will also contact AMS food outlets & groups and anyone else around UBC he can think of.
- Rachel will try to get an email out to the clubs through the AMS.
- **Flyer**
 - Looking pretty good.
 - Need to add info about Limelight deal, Informant screening, Clubs Days Coupon. Calendar?
- **CiTR ad**
 - Will be presented at the next meeting
- **Clubs Days Coupon**
 - Is low res, but who cares?
- **MEC Info flyers**
 - Should mention our new BlueRay player and HDTV!
 - Sandie will bring the member cards to the next meeting
 - Website will go live by Sept. 1!
