Meeting Minutes

September 29th, 2009

Executives: Rachel Coe, Mike Coutts, Tim Fernandes, Julie Johannesen, Alec Whitford, Caity Brown, Jacob McNeil

- FIRST ITEM OF BUSINESS: Rachel will be ~15m late.
- Alec has an **amazing impression** of both Shia Labeouf and Chris.
- MIKE: Mike has **fucked none of the members**, and is therefore clearly not doing his job. He's entered 190 out of 700-something.
- TIM: Must do work order for the light on the proj booth stairs. Also work order for chairs in auditorium. Also outlets are wonky.
- Regie got some volunteers to fix the popcorn machine apparently?
- From **KHAAAAAAAAAAN**: some training occur for all those who might need to disassemble/reassemble popcorn machine. pin inside heating pan that holds stir-bars in place when the pan is tilted to empty the popcorn. Pin must be placed around outside of the central cylinder rather than through the central slot of the cylinder.
 - Pin must be re-riveted?
- **The Hangover**: Jesse submitted the thing to the RCMP; they must sign it.
 - Bad news: The times are screwed up. Licence goes from 6-10 instead of 7-11. Which means that after the movie ends, we have 17 minutes to get eeeveryone out of the theatre. Our options: Pull fire alarm or set auditorium on fire.
- ALEC: Has Synecdoche New York cheque! Was sent back to AMS, and they lost it. Hopefully we will have this by March. :]
- CHRIS (?): We have no idea if he's adjusted the posters or posted them
- JAY & SILENT BOB: Tix are \$5 for everyone, starts at 7pm, Mewes thing is afterwards. We need volunteers.

- Can we make Jason Mewes our new honorary president? Present him with a framed certificate and a five-credit stamp!
- Rachel almost **sprayed blood all over us.**
- INVENTION OF LYING: Apparently we brought too many people into the theatre! We put chairs in the handicapped section & at the front.
- CAITY: Ubysey wants to put on a beer garden, wonders if we want to co-sponsor?
 - > They have to propose w/ film & time, must be next semester.
 - Get details!
 - Dollar Project people: Is there a film we could choose for them? Doing screening as a party/thank you thing? ...we have no idea.
- TIM: Ordered Harlan Fairbanks, but they haven't come by?
- TIM proposes filmsoc purchases: DVI adapter for the TV, so we can plug computers into it. (This means we can get powerpoint presentations for meetings!)
- RACHEL thinks **this meeting is stupid.**
- GRACE's VIFF thing looks cool. Is on the Thursday the 15th. If people are able to and want to go, they should let Grace know!
- We need more projectionists. :x Like everyone is unavailable this week!
 - & warning: we need two FMs for the beer garden. Lotta floor to manage!
- We are so fucked in every way. Everything is bad. Alec's theory is that this year is just trying to kill everyone. ...and Rachel just hung up on her mom.
- "Mike, shall we make that distributions video?" "Or—I can kill myself." OMG let's turn filmsoc into a suicide cult. watch the most epic movie and then drink the punch.
- Mike's **poopstory** is going into the minutes. Camping trip, supposed to dehydrate some beef to be used in our beef stroganoff. Guys were too lazy to dehydrate the beef, so they got bacon bits instead (little chunks of soy with bacon flavour in!). Their bodies

were not used to that much rapid intake of soy, so they were just shitting all over the place.

— **WHY DID THEY MAKE ME TYPE UP THIS STORY**
